## *Overview of MARRC*

The Manitoba Association for Resource Recovery Corp. (MARRC) is a non-profit corporation established in 1997 by manufacturers and marketers of lubricating products in Manitoba. Its mandate is to develop, implement and administer a cost-effective, sustainable, user-financed, province-wide stewardship program for used oil, used oil filters and used oil containers.

MARRC was incorporated under The Corporations Act of Manitoba on April 1, 1997. It operates in accordance with a Letter of Approval issued by Manitoba Environment on February 26, 1998 under Section 7 of the “Used Oil, Oil Filters and Containers Stewardship Regulation” of the Waste Reduction and Prevention Act.

Further to earlier approvals of 5 year terms, MARRC received a letter of approval dated September 25, 2013, from the Minister of Conservation extending the Stewardship Plan term for an additional five years to December 15, 2017.

On May 1, 2011, the Corporation was also approved to operate the Antifreeze Stewardship Program by the Minister of Conservation. The Antifreeze Stewardship Program commenced operation August 1, 2011. The approval from the Minister of Conservation expires December 31, 2016.

The Corporation derives revenue principally in the form of Environmental Handling Charges (EHCs) applied to the sale or consumption of selected lubricating and antifreeze products in Manitoba. The Corporation’s primary expenses are related to the:

- establishment and operation of a publicly-accessible network of licensed collection facilities for used lubricating and antifreeze products,
- payment of Return Incentives to companies licensed by the province and registered with MARRC to collect used lubricating and antifreeze products and transfer them to approved processors and end-users,
- payment of Processing Incentives to companies licensed by the province and registered with MARRC to recycle used lubricating and antifreeze products, and
- development and distribution of public education materials.

MARRC’s affairs are managed by a six-person Board of Directors drawn from the member companies of MARRC and from other stakeholder organizations, including a Director representing the Antifreeze industry.

**MINISTER OF  
CONSERVATION AND WATER STEWARDSHIP**

**SEP 25 2013**

Mr. Ron Benson  
Executive Director  
Manitoba Association for  
Resource Recovery Corp.  
35 - 1313 Border Street  
Winnipeg MB R3H 0X4

Dear Mr. Benson:

I am pleased to issue an Approval to the Manitoba Association for Resource Recovery Corp. (MARRC), for a Used Lubricating Products Stewardship Program. Pursuant to 7(4) of the *Used Oil, Oil Filters and Containers Stewardship Regulation of The Waste Reduction and Prevention (WRAP) Act*, this approval will expire on December 15, 2017. The "Conditions of Approval" are outlined in the attached document.

Since its inception, MARRC has made significant progress in the recovery of automotive fluids, containers and filters. I am pleased to see continued promotion and increased recovery.

MARRC's ongoing and expanding operation is a positive step for environmental protection in Manitoba.

Yours sincerely,

  
Gord Mackintosh  
Minister

## Ambassador Program – Calendar of Events for 2013

MARRC employed three full time and some part time Ambassadors to travel around to various tradeshow and exhibitions in Manitoba for the purpose of enhancing awareness towards improving the recovery of used plastic oil and antifreeze containers. Below is a Calendar of Events that MARRC participated in with the Ambassador Program.

### APRIL

23 Team up to Clean up – MTS Centre	26 - 28 Rodorama Car Show – Wpg.	
-------------------------------------	----------------------------------	--

### MAY

18 Manitoba Cancer Care Car Show Wpg.	25 Recyclathon Garden City Shopping Centre	26 Teddy Bear's Picnic – Assiniboine Park
---------------------------------------	--	---

### JUNE

1 St. Claude Rodeo	2 Stonewall Ag Fair	5 - 9 Brandon Summer Fair
5 Ecole Seven Oaks Middle School	7 - 8 Niverville Old Tyme Country Fair	13 St. Andrews Open House
14 -15 Lunder Ag Fair and Parade	15 - 16 Steinbach Summer in the City	14 - 23 Wpg. Red River Exhibition
16 EcoFather's Day Dauphin	22 - 23 Boissevain Ag Fair & Parade	28 - 29 Killarney Summer Fair
30 -1 Osborne Village Canada Day		

### JULY

1 The Forks Canada Day	4 Red River Co-Op Speedway	5 - 7 Falcon Lake Fun Fest
5 - 7 Portage Exhibition	11 - 13 Carman County Fair	12 - 14 Selkirk Triple S Fair & Rodeo
13 Minnedosa Fun Fest & Parade	14 Minnedosa Ag Fair	14 Souris Fair & Parade
18 - 21 Morris Stampede	21 Roblin Centennial Celebrations	23 Elkhorn Ag Fair
25 - 28 Austin Thresherman's Rodeo	26 - 28 Altona Sunflower Festival	26 - 28 Winnipeg Beach Boardwalk Days

### AUGUST

1 Red River Co-Op Speedway	2 - 4 Brandon Super Run	2 - 5 Gimli Icelandic Festival & Parade
5 Beausejour Show and Shine Car Show	9 - 10 Melita Banana Days	10 Melita Mud Bog Vehicle Derby
10 Gladstone Ag Fair & Parade	11 Melita Cruisers Show and Shine	9 - 11 Winkler Harvest Festival
13 - 14 Northern Association Trade Show	16 - 18 Stonewall Quarry Days	16 - 18 Hanover Ag Fair and Parade
23 - 25 Morden Corn & Apple Festival	25 Beausejour Shades of the Past Car Show	30 - 1 St. Malo Summer Festival & Parade

### SEPTEMBER

8 McPhillips Car Show – Garden City Winnipeg

## Ambassador Program

The Ambassadors participated with the visitors by having them respond to the sample survey.

The participants then entered for a chance to win either a \$50 Canadian Tire Gift Card or a \$50 Lottery Ticket Spree.

**You could win a Canadian Tire Gift Cert. worth \$50!**

**Please complete the following:**

1. Do you recycle your used oil & antifreeze containers?

YES \_\_\_\_\_ NO \_\_\_\_\_

2. Did you know that you can recycle your used oil & antifreeze products at any Canadian Tire store in Winnipeg including the one on Leila?

YES \_\_\_\_\_ NO \_\_\_\_\_

NAME \_\_\_\_\_

ADDRESS \_\_\_\_\_

CITY \_\_\_\_\_ PHONE # \_\_\_\_\_

### Ambassador Survey Results Summer 2013

## Garden City Recyclathon

MARRC partnered as a key sponsor along with EPRA (Electronics), Product Care (Hazardous Waste), CBCRA (Beverage Containers) and Take Pride Winnipeg on May 25 in the parking lot of the Garden City Shopping Centre for the Recyclathon that took place from 10 am until 2 pm. The event was a huge success with hundreds of people bringing in used products keeping the recyclers busy. The event was advertised in the Winnipeg Free Press and on CJOB radio the week leading up to the event.

Where can I recycle things like used motor oil, fluorescent lights, toxic chemicals and used electronics?

**Take Pride Winnipeg! is pleased to present:**  
**Spring Recyclathon!**  
May 25, 2013 @ Garden City Shopping Centre. 2305 McPhillips St.

Representatives from the following organizations will be accepting the following products:

**MARRC:**  
Manitoba Association for Resource Recovery  
[www.usedoilrecycling.com](http://www.usedoilrecycling.com)

- used oil
- oil filters
- anti-freeze

**Product Care:**  
[www.productcare.org](http://www.productcare.org)

- residential-use paint
- fluorescent lights
- flammable liquids
- waste gasoline
- pesticides
- toxics
- corrosives
- non-refillable fuel gas cylinders.

**EPRA:**  
Environmental Products Recycling Association  
[www.recyclenewelectronics.ca](http://www.recyclenewelectronics.ca)

Items such as:

- computers and components
- televisions
- non-cellular telephones
- microwaves
- stereo equipment
- portable audio equipment

And many more items!

**CBCRA :**  
Canadian Beverage Container Recycling Association  
[www.cbcra-acrcb.org](http://www.cbcra-acrcb.org)

Beverage containers made of:

- glass
- plastic
- Aluminum
- Poly-coated juice containers

A full list of all accepted items is available on the websites listed above.

## Highlights of 2013

### Team up to Clean up - April 23

MARRC participated with other Producer Responsible Organizations (PROs) such as EPRA (Electronics recycling), Product Care (Hazardous Waste Products), the Canadian Beverage Container Recycling Association (CBCRA), Multi Material Stewardship Manitoba who handles packaging and printed paper (MMSM) and Take Pride Winnipeg for the Team up to Clean up event held at the MTS centre in front of over 800 students from schools across Winnipeg.

### Polo Park Recycling Event – October 26

MARRC again teamed up with other PROs such as EPRA, Product Care, CBCRA, MMSM, Tire Stewardship Manitoba, Medications Return Program, Call2Recycle, Canadian Battery Association (CBA), Recycle my Cell, Switch the Stat, Interstate Batteries, as well as Take Pride Winnipeg.

**Manitoba Association for Resource Recovery Corp. (MARRC)**

MARRC manages the Used Oil and Antifreeze Recycling Programs in the province. We thank Manitobans for their support and we look forward to seeing you at Polo Park on Saturday, Oct. 26. In the meantime, we have some neat tips for you. See below:

## How to Recycle

**YOUR ROLE IN THE PROCESS IS SIMPLE:**

- Collect the used oil from your vehicle, lawnmower, farm equipment, fishing vessels or other machinery and recycle it at a licensed facility.
- Do not contaminate oil with other liquids. Solvents, paint thinner, bleach, antifreeze, gasoline, PCBs, household chemicals, insecticides, herbicides, pesticides, grease or water are not accepted. EcoCentre staff have information on where to take contaminated oil.
- Collect your used oil filters and containers and recycle them at a licensed facility.
- Collect your used antifreeze and containers and recycle them at a licensed facility.

**WHAT HAPPENS TO THE PRODUCTS THAT ARE COLLECTED?**

- Used oil can be refined into lube oil and other petroleum products. It can also be used for energy recovery.
- Used oil filters contain 85% recoverable metal that becomes steel rebar in construction.
- Used oil and antifreeze containers can be shredded and used in the manufacture of parking lot curbs, fence posts and landscaping ties.
- Used antifreeze is shipped to licensed processors and recycled into new antifreeze.

**MARRC**

**WHERE TO TAKE USED OIL AND ANTIFREEZE PRODUCTS**

*Winnipeg's licensed used oil depots:*

- Green for Life - 1090 Kenaston Blvd.
- A-1 Environmental - 1447 Dugald Rd.
- Miller Environmental - 1803 Hekla Ave.

**CANADIAN TIRE STORES**

- Unicity - 2615 Portage Ave.
- St. Boniface - Fermor & Beaverhill
- Garden City - 2303 McPhillips St.
- Transcona - 1519 Regent Ave.
- Fort Garry - McGillivray & Kenaston
- Polo Park - 750 St. James St.

For more information about Manitoba's Used Oil Recycling Program, call 1-888-410-1440 or visit [www.usedoilrecycling.com](http://www.usedoilrecycling.com).

## Highlights of 2013

### Local Initiatives

#### Steinbach's EcoDay held June 12

## Oil Recycling Day!!

Wednesday, June 12, 2013  
11am to 2pm

Bring your used oil to the Eco Centre at the Steinbach Landfill (104 Hanover Rd E) and receive new oil **FREE!**

For every 5L of used oil, receive a coupon to pick up 1L of Co-op 5W-30 oil **FREE** (Maximum of 12L **FREE**).

Come and enjoy a hot dog and a drink for \$2

For more info visit  
[www.steinbach.ca](http://www.steinbach.ca)  
or call  
204-346-6532.

#### Birtle's EcoDay!

Mr. & Mrs Oil Drop were on hand for Birtle's EcoDay which took place on September 14 at the Birtle landfill in front of the used oil and antifreeze EcoCentre. Those bringing in their used oil products were eligible to enter a draw for some great prizes. A colouring contest was also run for the elementary students in Birtle and Backpacks were also distributed to all children in the local daycare.

#### Ecole Seven Oaks Middle School

MARRC partnered with Take Pride to present information on recycling used oil and antifreeze products at Ecole Seven Oaks Middle School the evening of Wednesday, June 5.

#### Dauphin's EcoFather's Day held June 15

## Highlights of 2013

### **Green Manitoba EcoCalendar**

MARRC participated with other Partners for a Clean Environment, in the development of the 2013 EcoCalendar coordinated by Green Manitoba.

### **Bursaries awarded for a tenth year**

Bursaries were awarded to students (\$500 each) qualifying in Environmental Studies at the University of Manitoba, University of Brandon, the University of Winnipeg and at Red River Community College.

### **MARRC Participated with the Northern Association of Community Councils (NACC)**

Their 43rd Annual tradeshow was held at the CanadInns Polo Park Hotel in Winnipeg on August 13th and 14th. The NACC represents the interests of 52 northern and remote communities under the jurisdiction of aboriginal leaders and northern affairs. Over 200 delegates from the northern communities federal and provincial affiliates, private sector and non-profit organizations attended.

### **EcoCentre / Collection Depot network maturing at 80**

MARRC's rural EcoCentre network stands at 53 exceeding the minimum network objective established by the province's multi stakeholder Used Oil Management Committee in 1996. The network includes the northern locations of The Pas, Flin Flon and Thompson, plus Cranberry Portage, Grand Rapids, Fisher Branch, Hollow Water, Ashern and Moosehorn. In addition there are 27 other facilities licensed by Manitoba Conservation in place for the collection of used oil and antifreeze products, including 10 locations in Winnipeg (6 of which are Canadian Tire).

### **Training and audits promote safety and compliance**

MARRC as part of its contractual arrangements with owners/operators of licensed collection facilities, provides initial and recurrent on-site training for management and staff. The training and follow-up audits are designed to promote a safe operation and compliance with each facility's operating license issued by Manitoba Conservation. During 2013, inspections were conducted at 100% of the licensed EcoCentres and collection depots in the Province of Manitoba.

### **Strategic Planning Session (August 19-22)**

MARRC hosted the combined Strategic Planning Session of SARRC, AUOMA, BCUOMA, SOGHU & Ontario Directors and Staff. The session focused on addressing key strategic issues and team building.

### **Charity Raffle**

MARRC held a charity raffle at the Strategic Planning Session in Winnipeg for the Children's Rehabilitation Centre and raised \$1,390! – See Photo for presentation at the Centre.

### **Plastic Container Audit**

MARRC commenced in 2013 detailed checks of container bags. The main purpose was two-fold:

- To eliminate contaminated products.
- To determine the amount of antifreeze and windshield washer containers coming in through the collection stream.

### **Northern Remote Communities (Accessible by Winter Roads)**

MARRC hosted meetings organized by Manitoba Conservation with various Producer Responsible Organization (PRO) representatives to discuss the prospects of assisting with the removal of used oil products, derelict cars, tires and batteries with St. Theresa Point as the Pilot Project.

### **Thompson – One Stop Shop**

MARRC in conjunction with EPRA (electronics) and Product Care (hazardous waste), attended meetings in Thompson, Manitoba in an attempt to create a One Stop Shop concept whereby residents could bring all of their used materials for recycling. Discussions are ongoing.

Financial Statements  
**December 31, 2013**

March 10, 2014

## **Independent Auditor's Report**

### **To the Members of Manitoba Association for Resource Recovery Corp.**

We have audited the accompanying financial statements of Manitoba Association for Resource Recovery Corp. (the "Corporation") which comprise the balance sheet as at December 31, 2013 and the statements of operations, changes in net assets and cash flows for the year then ended, and the related notes including a summary of significant accounting policies and other explanatory information.

#### **Management's responsibility for the financial statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profits, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian accounting standards for not-for-profits. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Corporation as at December 31, 2013, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profits.

## **Notes to Financial Statements**

**December 31, 2013**

---

### **1 Incorporation and purpose**

The Corporation was formed by oil and oil filter first sellers in Manitoba to develop, implement and administer a used lubricating products stewardship program in the province and began operation on January 1, 1997. The Corporation was incorporated as a not-for-profit corporation without share capital under The Corporations Act of Manitoba on April 1, 1997. On February 26, 1998, the Corporation received approval to operate its used lubricating products stewardship program from the Minister of Environment, Province of Manitoba. On May 1, 2011, the Corporation was also approved to operate its antifreeze stewardship program by the Minister of Conservation, Province of Manitoba. The antifreeze stewardship program began active operations on August 1, 2011.

On September 25, 2013, the Corporation received approval to continue to operate the used lubricating products stewardship program until December 15, 2017. The current antifreeze stewardship program expires December 31, 2016.

As a non-profit corporation, no provision for corporate income taxes has been made in these financial statements pursuant to paragraph 149(1)(l) of the Income Tax Act.

### **2 Basis of presentation**

These financial statements are prepared in accordance with Canadian accounting standards for not-for-profit organizations ("ASNPO").

### **3 Significant accounting policies**

#### **Basis of presentation - fund accounting**

The accounts of the Corporation are maintained in accordance with the principles of "fund accounting". Fund accounting is a procedure whereby a self-balancing group of accounts is provided for each accounting fund established by the Corporation.

For financial reporting purposes, the accounts have been classified into several funds. The activities carried out by each fund are as follows:

- The Used lubricating products stewardship program reports funds for the operations of the used lubricating products stewardship program.
- The Antifreeze stewardship program reports funds for the operations of the antifreeze stewardship program.
- The Invested in capital assets reports the funds for the purchase of capital assets used in the operations of the Corporation.

# **Manitoba Association for Resource Recovery Corp.**

## **Notes to Financial Statements**

**December 31, 2013**

---

### **Significant accounting policies are as follows:**

#### **Investments**

Short-term investments consist of Guaranteed Investment Certificates ("GICs") with terms maturing in less than one year. Long-term investments consist of GICs that mature after one year. Purchases and sales of investments are recognized using trade date accounting. Transaction costs attributable to the investments are netted to investment income.

#### **Capital assets**

Capital assets are recorded at cost less accumulated amortization. Amortization of office furnishings, equipment and leaseholds is calculated on a straight-line basis at an annual rate of 20% based on the estimated useful lives of these assets.

#### **Revenue recognition**

- Environmental handling charges

Revenue from environmental handling charges is recognized in the year for which suppliers and end-users assess it, as regulated by the Used Oil, Oil Filters and Containers Stewardship Regulation and by the Household Hazardous Material and Prescribed Material Stewardship Regulation of The Waste Reduction and Prevention Act.

- Interest income

Income from investments is recognized when earned and is recorded as interest income in general operations if related to unrestricted funds, or in restricted operations if related to restricted funds.

- Membership fees

The one-time membership fees are recorded as revenue when the participating companies join the Corporation.

All revenues have been recorded at their gross amount.

#### **Return and processing incentives**

The return and processing incentives are recognized as an expense in the year to which the claim relates.

# **Manitoba Association for Resource Recovery Corp.**

## **Notes to Financial Statements**

**December 31, 2013**

---

### **Use of estimates**

The preparation of financial statements in conformity with Canadian ASNPO requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates.

### **Financial instruments**

Financial assets and financial liabilities are initially recognized at fair value and their subsequent measurement at amortized cost.

Financial assets measured at amortized cost include cash, short and long-term investments, environmental handling charges receivable and accrued interest and other receivables.

Financial liabilities measured at amortized cost include return and processing incentives payable and accounts payable and accrued liabilities.

Financial assets are tested for impairment at the end of each reporting period when there are indications that the assets may be impaired.

# Manitoba Association for Resource Recovery Corp.

## Notes to Financial Statements

December 31, 2013

### 6 Commitments

#### Operating lease

The annual minimum rental for leased premises under a lease to February 28, 2018 is as follows:

	\$
Fiscal year ending December 31, 2014	42,372
2015	43,197
2016	43,362
2017	43,362
2018	7,227

#### EcoCentres

The Corporation has entered into two-year renewal agreements with 63 EcoCentres and licensed collection facilities that were established to provide no-cost drop-off centres for used oil and antifreeze materials.

As part of its contractual agreement with each EcoCentre owner-operator, the Corporation is committed to provide annual operating support until July 31, 2014. The operating support payment for the EcoCentres currently in operation is estimated to be \$162,750 for the fiscal year ending December 31, 2014.

## **Notes to Financial Statements**

**December 31, 2013**

---

### **10 Financial instruments**

The Corporation manages risk and risk exposures by applying policies approved by the Board of Directors.

#### **Credit risk**

The Corporation is exposed to credit risk through its environmental handling charges receivable. The risk is minimized due to the large registrant base.

#### **Interest rate risk**

The Corporation's exposure to interest rate risk pertains to short-term and long-term investments, which are subject to future changes in interest rates.

#### **Liquidity risk**

Liquidity risk is the risk that the Corporation cannot meet its financial obligations associated with financial liabilities in full. A range of alternatives is available to the Corporation including cash flow provided by operations, debt or a combination thereof. The Corporation expects to be able to meet its financial obligations in the foreseeable future.
